## 1. SEMP Review Timings Alignment

A request was received to clarify wording around SEMP review timings within [SMP03](#) [1] and [S&EP Leaflet 15/2019](#) [2]. A review of these documents has now been completed and it has been agreed to align both documents, further review of ASEMS has added [EMP01](#) [3] to the alignment.

This notification announces that SMP03 (Section 3.3.1.1. and 3.3.2.1.) and EMP01 (Section 1.2.0.5.) have been updated to align their review period with the review period mandated within S&EP Leaflet 15/2019.
