7. Non-compliance Reporting

ASEMS Document Version:

3.0

Effective From:

Thursday, 28 January, 2021 - 00:15

Description:

In circumstances where the ability of the Delegation Holder to achieve compliance with the requirements of ASEMS may have been compromised, Operating Centres, Delivery Teams or equivalents shall take immediate steps to correct the situation. Actions required could include improving the clarity of the authority, instructions or responsibilities provided, increasing resources or correcting deficiencies in practices or procedures. Where resolution of the problem lies outside the control of the Delegation Holder, the issue is to be referred through the line management chain. This requirement is to be applied to any further levels of delegation as necessary.
