### Description

This SEB announces the update of [S&EP Leaflet 03/2011 – Equipment Safety and Environmental Protection \(SEP\) Risk Referral](#) to Version 3.0. The leaflet has undergone significant review and rewrite. Version 3.0 of this leaflet supersedes all previous versions with immediate effect.

Updates of note to the leaflet include, but not limited to, the following:

- Addition of Assumption section which highlights the expected management of risk activities carried out prior to any risk referral/escalation.
- Removal of the Principles, however still inferred throughout the document.
- Risk Referral Flowchart replaced with Risk Referral/Escalation Process swim lane diagram in Annex A. The process now involves Duty Holders in DE&S.
- Restructuring of Risk Referral/Escalation Template to ensure alignment with the swim lane diagram in Annex A.
